

Please send submissions to: Katie Gallagher at galla134@msu.edu or 302B Biochemistry (mailbox on 2nd floor)

Vol.39, No. 20, May 15-19, 2006

Calendar

Monday, May 15

Genetics Comprehensive Exam Seminar: Evaluating variants of g-actin to elucidate its role in hearing. Soumya Korrapati (Karen Friderici Lab), 10:30 a.m., 1425 Biomedical and Physical Sciences.

Summer classes begin for full and first semesters.

Tuesday, May 16

Wednesday, May 17

Thursday, May 18

Friday, May 19

Transcription Journal Club: Presentation by **Dave Almy**, 12 noon, 502 Biochemistry.

Scholarships/Fellowships

Morgenthaler Fellowship

The Cleveland Clinic Lerner Research Institute offers a special postdoctoral opportunity for senior Graduate Students and early Postdoctoral Fellows who have demonstrated outstanding performance. The Morgenthaler Fellowship awards support Postdoctoral Fellows on paths toward scholarly and independent careers with a minimum stipend of \$50,000/year. The application process for these special awards is now open. The deadline for applications is June 15. Details can be found at this website: <http://www.lerner.ccf.org/education/morgenthaler> or by emailing jarretm@ccf.org.

Postdoctoral fellowship positions available at **The National Cancer Institute**. The postdoctoral fellowship experience at the NCI can serve as a first postdoctoral training assignment, or offer more experienced postdoctoral scientists an opportunity to further their training in more advanced methods, to acquire new research capabilities, to make changes in the direction of their research, or to receive training in fundamental sciences and clinical disciplines for the purpose of enhancing the transfer of biotechnology to cancer clinical programs. For information on the fellowship opportunities and the application process instructions, please visit the Training & Employment Web site <http://generalemployment.nci.nih.gov>. You will have the option to post your resume, view and apply for current positions in their research divisions and communicate directly with principal investigators. To obtain more information or to submit your resume contact Keith Ariola, National Cancer Institute, 6116 Executive Blvd, Suite 502, Bethesda, MD 20892-8342.

Ahh!! Springtime on Campus!

Quote for the Week

I am always doing that which I cannot do, in order that I may learn how to do it. – *Pablo Picasso*
