

## The BMB Weekly Vol. 41, No. 2, January 7-January 11, 2008

Please send submissions to: Katie Gallagher at [galla134@msu.edu](mailto:galla134@msu.edu) or 105B Biochemistry (mailbox on 2<sup>nd</sup> floor)

### Calendar

#### Monday, January 7

##### Classes Begin

**\$100 late enrollment fee begins for Spring 2008 for first-time enrollees.**

**Genetics Forum:** Special topic – scientific ethics. 12:30 p.m., 1425 Biomedical and Physical Sciences.

**Plant Biology and Plant Research Lab Seminar:** George Wagner, University of Kentucky, 4:10 p.m., 101 Biochemistry.

#### Tuesday, January 8

**Statistics and Probability Seminar:** Localization of eigenvectors and statistics of eigenvalues for random band matrices. Jeffrey Schenker, Michigan State University, 10:20 a.m., A405 Wells Hall.

**Metabolism, Membranes, and Metalloenzymology (3M) Club Meeting:** Presentation by **John LaPres, LaPres Lab**, 12:00 noon, 1400 Biomedical and Physical Sciences.

**Chemistry Seminar:** Molecular structure and dynamics of aqueous interfaces and interlayers in minerals. Andrey Kalinichev, Michigan State University, 4:10 p.m., 136 Chemistry.

#### Wednesday, January 9

#### Thursday, January 10

**Pediatrics and Human Development Seminar:** Iron Metabolism. Renuka Gera, Division of Pediatric and Adolescent Hematology, Oncology, 8:00 a.m., Auditorium, Sparrow Hospital.

**Microbiology and Molecular Genetics Seminar:** Brian Hammer, Princeton University, 9:00 a.m., 1425 Biomedical and Physical Sciences.

#### Friday, January 11

**Close of free add period for Spring 2008 at 8:00 p.m.**

**Final date for degree candidates to apply for graduation for Spring or Summer 2008 to assure names are included in the Commencement Program. Graduates can apply at <http://www.reg.msu.edu>.**

**Transcription Journal Club:** Presentation by **Linxia Zhang**, 12:00 noon, 502 Biochemistry.

### Quote for the Week

Derive happiness in oneself from a good day's work, from illuminating the fog that surrounds us.

~ Henri Matisse
